MODERN COMPETITION MAN vs. MAN

Down through the ages, time and again have been the great elegant automobiles which men have chosen to possess.

With edge richly laden at one or with position carefully slowly crossing the miles of asphalt, the cushions of other days found time a most important factor in his life.

His customers were widely scattered. Hours, days, even weeks were necessary to reach them. How important time and space must have loomed before him.

Today time has been discovered. Space is no longer a great problem. But with progress in our domestic machine, progress has grown to greater proportions—competition. It is ever present and ever growing.

Any faster, any safer, any machine like the automobile that makes time, increases pro-

duction perhaps tenfold, thousand or more. It increases capacity. It lowers cost. It grapples with competition.

In today's business it is man against man. The time element was never so important. Every hour counts. The automobile is essential.

Chevrolet is the business man's car. It stands unique. It is decidedly high class. Quality speaks from every line of its graceful body. Quality is built in every part of its mechanism. And yet—Chevrolet is the world's lowest priced fully equipped quality automobile. Not only lowest in first cost but most economical in operation of any car built.

It is a car which will give you the means of making money and saving your time, just probably in the most economical way.

Ask your Chevrolet dealer for a demonstration and learn about the Q. M. S. C. plan of deferred payments.

Nothing better than LUX

The makers of the famous "kaiser" silk stockings endorse LUX.

Lux with its instant, rich suds, is ideal for the quick thorough washing silk hosiery requires. The thin, milk-like flakes made by our own exclusive process, dissolve completely in an instant leaving no particle of solid soap to cling to delicate fibres.

Read the recommendation of the Kaiser Co. Make your stockings last longer by washing them only in LUX.

The Standard of Comfort

Just Right for Two

The "Master Four" Roadster 23-34 Special \$1275

Smart, sturdy—you won't find another roomy two-passenger four-cylinder roadster that is superior to this McLaughlin-Buick.

Inspected from any angle—straight, beautifully styled top, long low body lines; heavy one-piece crown binders; lots of room for two people and two compartments for their baggage.

The big steering wheel that comes up to you, a shifting lever that operates without bending forward a transmission lock, cord tires and many other improvements; and below the surface the famous McLaughlin-Buick Valve-in-Head engine and chassis; these are only a few of the many distinctive features that make this new roadster a car without an equal in its class, for those requiring personal transportation.

Built in Canada for rugged use on any roads, this roadster sets a new performance standard for efficiency and economy.

The Easter Breakfast

Premium Ham or Bacon

THAT breakfast on Easter Morning should consist of Bacon and Eggs has become almost as honored a national institution as Turkey for Thanksgiving.

But on this Easter Morning, bright with the promise of Springtime—vigilant and joy—the Bacon certainly should be "Premium"—the Bacon standard—as befitting the occasion. Substitute ordinary Bacon or Ham for Swift's "Premium" and you will ruin the joy of the meal.

For Swift's "Premium" Bacon is of character, size and distinctive quality. Purely by its choice selection—for "Premium" Bacon must have just the right proportion of fat and lean. Therefore it possesses an unqualified excellence and superiority due to the exclusive Swift process of curing and smoking.

Be careful to get Swift's "Premium" when you buy Bacon or Ham—make sure of it this coming Easter Morning.

It's Not Men Only Who Need These Energizing, Ironizing Foods

HOUSE work, like office work, saps energy—a lot of it—taking the youthfulness and color from scores of pretty cheeks. So it isn't men only who need revitalizing foods; *you* need them, madam.

Running up and down stairs a hundred times a day is not exactly recreation for a woman, and she must keep well nourished to perform such tasks.

A few slices of delicious raisin bread at luncheon after a hard morning's work is the kind of food that restores the energy it takes.

Raisins are 75 per cent pure fruit sugar, furnishing 1560 calories of energizing nutriment per pound, in practically pre-digested form so that this nourishment is felt almost at once. It's the quickest acting energy food that anyone can use.

Wheat, too, is an energizer. And raisins supply iron.

Therefore in this fine combination of cereal and fruit you have a luscious, up-building food of supreme value.

Delicious, Ready-Baked

No need to bake this bread at home. Your finest modern local bakeries are baking it fresh every week some every day and delivering it to grocers everywhere. You can buy it also at neighborhood bake shops.

Made with big, plump, tender, seeded Sun-Maid Raisins, the finest raisins grown. Rich, full-fruited loaves. *Real raisin* bread with at least eight tempting raisins to the slice.

Try it toasted with your tea. Make delicious bread pudding with left-over portions.

Get a loaf today and try it—see how good it is.

Always ask for Sun-Maid Raisins for all home cooking purposes. Try Sun-Maid Seeded Raisins in the blue package for your puddings, cakes, and pies. Made from finest California table grapes.

Washed, seeded, sterilized and packed while still hot, in new, clean cartons; and now also in tins.

Invest in the Sun-Maid Brand, the kind you know is good.
